

COMMUNITY CONNECT

EXECUTIVE
TRANSITION
PROGRAM

INCOMING EXECUTIVE INDIVIDUAL/FAMILY PARTNER PROGRAM

Target: Incoming executive, key staff or professional staff and families for primary employers in the Greater Fond du Lac area. This is a joint collaborative venture of Envision Greater Fond du Lac and Fond du Lac Works, the workforce development initiative of Envision Greater Fond du Lac. It is intended to assist in attracting talent to the area and to provide quick, effective immersion into the community.

Process: A cadre of local individuals and families will provide information that will be placed in a database on size of family, ages, likes and dislikes, hobbies, interests, etc. The incoming individual or family will provide the same information and a match will be determined.

Commitment: The host family or individual will commit to be a “partner individual or family” for a period of one year. This could start prior to the actual move to the Greater Fond du Lac area. Responsibilities will include assisting the incoming families or individuals to community leaders, recommending or helping to find doctors, dentists, realtors, places of worship, etc. The commitment could end before the year if the incoming individual or family feels that it is no longer necessary.

Confidentiality: All data will be confidential and maintained on a secure server at the offices of Envision Greater Fond du Lac. The introductions will be blind until there is a mutual acceptance between the incoming families or individuals and the local families or individuals. All data presented will be via a code until formal introductions are made.

Survey: The following questions will form the input from local individuals and families as well as those relocating. If you wish, you may fill out the survey online at: <https://www.surveymonkey.com/s/CoCoFDL> or a standard written submittal included on the following pages.
