

## *Find or Increase your Customers*

### *You need to know:*

- How can I expand into other markets?
- Where you can find more customers?
- What market trends you should know?

### *What we can do:*

- Identify your best customers and underserved markets based on demographics and lifestyle characteristics of your current customers
- If your customers are other companies, we will obtain valuable marketing lists with contacts, company size, sales, and industry information
- If you provide us customer information, we can map out your current customers and assist in new site selection
- Connect you to trade and industry associations
