WHY SHOULD WE APPLY?

Being designated as a Bicycle Friendly Business is a great way to gain national recognition for being a leader in wellness, sustainability and corporate responsibility.

As part of the BFB application process, your business will receive quality, customized feedback from League staff – the trusted source for best practices on what it means to be bicycle friendly. And BFBs are part of an elite network that share peer-to-peer communication and best practices.

Employees and customers want to invest in businesses that care – care about the environment, care about health and wellness, and care about the community. Earning a designation as a BFB is a clear way to show your business cares.
