***...and now, a message from our chair...***

The YPF Advisory Council continues to work hard to build upon its core values of assisting the greater Fond du Lac community. We are putting together operating procedure binders for our standing and special event committees to help our volunteers as well as ensure high quality practices from year-to-year. We recently approved new brand guidelines following our launched rebrand. In the community, our YPF committees are hard at work to bring together people, ideas, and enjoyable times through events such as Monday Mixers, our Professional Development Series events, and the upcoming Amazing Race Fond du Lac! ~ **Chris Zachar-Tirado, 2024**

Congratulations to Mason McGrath on being recognized as the June Young Professional of the Month!

Mason was born and raised in Fond du Lac. He is a field biologist with Wisconsin Lake and Pond Resource LLC.

When asked what words of wisdom would you share with other YP's in relation to career building? He said "Always be eager to learn new skills. You never know when it may be

able to add value to your career or to your team." Those are great words of wisdom Mason!
