Keynote: 9:15-10:15am

My Two Elaine's: Learning, Coping, & Surviving as a Caregiver

Martin J. Schreiber, Former WI Governor & Caregiver.
Marty candidly counsels those taking on this caregiving role and offers advice that respects the one with Alzheimer's while maintaining the caregiver's health. With patience, adaptability, and even a sense of humor, Marty shows how love continues for his Second Elaine.

Morning

Workshops: 10:30-11:45am

1. Estate Planning 101

Tom Moniz, Attorney, von Briesen & Roper

Join us for an informative session on Estate Planning 101, where we'll cover the essentials of wills, trusts, powers of attorney, and other crucial documents to safeguard your legacy and protect your loved ones' future. Learn how to navigate the complexities of estate planning with expert guidance and ensure peace of mind for you and your family.

2. Music & Memory: Getting a Positive Response

Rebecca Frize, Life Enrichment Director & Music Therapist, Lutheran Homes & Health Services

This session will provide attendees with music interventions that can be used successfully for people with dementia and will briefly touch on the difference between using music recreationally or have a music therapist provide services.

3. Dementia: Dealing with the Now & Moving Forward

Alexis Eastman, Clinical Associate Professor, WI Alzheimer's & Disease Research Center

An adaptable talk for all audience levels on the most common types of dementia, how they are diagnosed, current treatments, and frequently-updated information on new trends in diagnosis, prevention, and treatment.

4. Cycling Without Age

Gui Gregory, Adult Education Coordinator, WI Bike Federation
Life unfolds at all ages, young and old, and can be thrilling, fun, sad, beautiful and meaningful. Cycling Without Age is about letting people age in a positive context – fully aware of the opportunities that lie ahead when interacting in their local community.

Afternoon

Workshops: 12:45-1:45pm

5. Home Modifications & Safety

Roy Mares, Program Manager, Habitat for Humanity
Roy provides holistic wraparound services for clients facing issues arising from disabilities or aging. His mission is to make homes fit peoples' lives instead of residents adjusting their lives to fit their homes, and he is committed to ensuring every person receives the support and resources that meet their needs.

6. Communication Stages Through the Dementia Journey

Bonnie Nuttkinson, Research Program Coordinator, WI Alzheimer's Disease Research Center

This talk is a breakdown of communication changes throughout the dementia journey. It will include tips on how to better communicate with the one we are caring for.

7. Healthy Living for the Brain & Body

Annette Selk, Volunteer Community Educator, Alzheimer's Association

Learn about research-based recommendations to take care of our brains and our bodies in order to age as well as possible.

8. Speech Therapy & Parkinson's Disease

Angela Hall, Speech Language Pathologist; SSM Health

In this session we will explore how Speech Language Pathologists can support patients with Parkinson's Disease who experience difficulties in the areas of swallowing, voice, speech & cognition.

Closing: 2:00-3:00pm

The Language of Dementia & Finding Success: The FISH Approach

Audrey Linn, Dementia Care Consultant, Dementia Care Solutions, LLC.

Learn as care partners, we can find ourselves in communication snags with our loved one with dementia. Together we will untangle these challenging situations and explore new tools to help in your caregiving journey.
