Agricultural Ambassador Program

*The Voice of Agriculture
In The Classroom*

www.envisiongreaterfdl.com

THE AGRICULTURAL
AMBASSADOR PROGRAM...

Is directed by the Envision Greater Fond du Lac Agri-Business Council. The Agricultural Ambassador Program was developed to meet the demand of both school systems and the public for the availability of accurate agricultural information regarding the production and the nutritional value of agricultural products produced in our community. It is our goal to educate every person in the Fond du Lac area and beyond about the importance of agriculture in our society.

The Agricultural Ambassador Program presents a variety of virtual or in person educational programs *free of charge to students and teachers*. Topics of the Agricultural Ambassador Program include: health and nutrition, consumer buying habits, food safety, agricultural production, agricultural economics and agricultural careers. A program listing is included in this brochure.

The Agricultural Ambassador Program is a non-profit entity. Each classroom presentation has a value of \$200. Donations and grants are the primary source of funding.

VISION

The vision of the Agricultural Ambassador Program is to raise awareness of the impact agriculture has on our society and the integral role agriculture has on the business economy.

ACCOMPLISHMENTS

- Presented to over 12,000 students & adults throughout the Fond du Lac area, all made possible by the work of TWO Agricultural Ambassadors.
- Taught over 25 different agricultural education programs that are available for children and adults. Educators select which program fits their curriculum.
- Teamed with area organizations to educate the public through Day on the Farm, June Dairy Day, Fond du Lac County Fair, the Children’s Museum of Fond du Lac, and numerous other activities.
- Provided resource materials for agriculture presentations throughout Wisconsin.
